

PROFILE SUMMARY

Versatile problem-solver who translates analysis into recommendations that create value; brings **structured thinking**, **process improvement** and **cross-functional collaboration** to deliver impact in fast-moving environments.

PROFESSIONAL EXPERIENCE

Assistant Manager, Adani Power Ltd. | Ahmedabad
Feb 2026 – Apr 2026

- **Monitored asset performance** across a **PAN-India thermal power portfolio**, identifying and escalating anomalies for timely intervention, resulting in ₹1.2 crore in risk savings.
- **Automated routine MIS**, saving ~468 man-hours annually and redirecting ~₹1.6 lakh worth of analyst time toward higher-value analysis.

Assistant Manager, Adani Power Ltd. | Udupi
Jul 2023 – Jan 2026

- **Built the business case** for an operational change in single-unit cooling strategy and **secured management approval**, improving efficiency and reducing fuel consumption – delivering ~₹30 lakh in annual fuel savings.
- **Built an equipment-wise auxiliary power dashboard** enabling multiple critical catches through continuous monitoring – improving auxiliary power consumption and delivering ~₹25 lakh in annual revenue savings.
- **Implemented a 12-mill auxiliary-power optimization** on a 1,200 MW thermal plant, reducing station Auxiliary power by 0.015% and saving ~₹38 lakh/year (~350 MT coal) in fuel cost.

Operations Intern, GE Aerospace | Pune
Jul 2022 – Jan 2023

- Applied **Lean Six Sigma** and **value-stream mapping** in a production cell, cutting WIP inventory by 55%, lifting throughput by 30% within four months.

ACADEMIC PROJECTS
